

# **ENVIRONMENTAL EDUCATION**

**Environmental Education is a process which allows the individuals to explore environmental issues, engage in problem-solving and take action to improve the environment. As a result, the individuals develop a deeper understanding of environmental issues and have the skills to make informed and responsible citizens. Various activities are organized throughout the session to make the students well-apprised of the importance of keeping the environment pollution free and the earth litter free. The Earth Day was celebrated on Monday, 22<sup>nd</sup> April , 2023 with vigour and vitality. Various activities viz. Poster-Making, Poem - Recitation, Slogan-Writing, Essay-Writing were organized. A skit on the theme “Save Mother Earth” was staged by the students of Classes IX-XII. The students displaying the placards carried out a rally in and around the school. The students brought the saplings and planted them. The use of polybags is prohibited in the school. The students enthusiastically participated in the activities to commemorate the benevolent Mother Earth. The school campus is in sylvan, sequestered and serene setting. There are sprawling playgrounds. The campus is replete with the trees. The dignitaries are given the present of a sapling on the occasion of various school celebrations.**
